# Giving Guiding Gratitude

TAKING THE LEAD

For nearly 30 years, **Northern California Planned Giving Council** has provided top quality educational and networking opportunities at our annual planned giving conference. In 2019, NCPGC hosted over 330 attendees, representing Northern California's top planned giving staff, trust officers, lawyers, CPAs, wealth managers, and investment advisors.

This year, our very first **Virtual Conference** hosted in association with **Seiler LLP** will feature a packed schedule of learning opportunities for beginners and advanced planned giving experts in addition to a **Plenary speaker**, a **Keynote presentation**, and an **Ask the Experts session**.

We would rather be together in person. But, this year's conference will be impactful for your business.
